MINDORTANT INFORMATION ABOUT THIS OFFER

offer that you may have received from time to time in the mail. The insurance being offered here is individual coverage for our new loan Please do not mistake this offer for a Group Mortgage Life Insurance customers. Our Individual policies have these advantages over most group mortgage life policies:

Lower Cost

- Because you must qualify for this coverage individually, the cost of insurance is lower than if no qualification were needed. If you are in good health, why pay more?
- Because of the probability these days that most people will not stay in the same home for a full 30 year mortgage, our policies have shorter durations than 30 years. They are therefore less expensive.
- Because these policies can be kept active from loan to loan, no matter how often you change your loan, you do not have to re-buy a new mortgage life policy, at a costlier older age, every time a change is made.

Level death benefits •

The death benefit of these policies do not reduce as the mortgage loan decreases. Your beneficiary will have extra money available since, after a few years, the level death benefit will be larger than the outstanding loan!

The beneficiary may choose to use the money for any purpose, depending upon circumstances at time of claim. Or, if you desire, the death benefit may be used for mortagae purposes only, if initially requested.
